

Parent Registration Process for Prepayments from a Checking Account

The following screens are steps to the Registration Process for Prepayment
from a Checking Account

'e~Funds for Schools' is a 3rd party provider that makes it possible for you to make payments from your checking account, credit card or debit card into your student(s) cafeteria account(s). The funds that are deposited into student accounts can only be made by the account holder; whether it be a parent, guardian or any individual (such as a grandparent) who has been given the student's district ID #. By registering and setting up an account with 'e~Funds for Schools' the account holder is ultimately authorizing 'e~Funds for Schools' to make charges against the checking, debit, or credit account provided by the account holder. The Central Valley School District does not profit from any fees and or charges established between e~Funds and the individual account holder.
